Dear,

Congratulations on completing the Technician license class and passing your Technician License Exam. On behalf of the board of directors, it is my pleasure to welcome you to the membership of the Milwaukee Radio Amateurs' Club (MRAC). MRAC is one of the oldest amateur radio clubs in the world, having been incorporated in 1917 and affiliated with ARRL (American Radio Relay League) in 1919 and operating continuously since. Over the years MRAC has sponsored an ARRL national convention, acted as QSL manager for a Space Shuttle SAREX (Shuttle Amateur Radio Experiment) mission and conducted classes in all grades of amateur radio licenses. We currently meet on a monthly basis, own and operate a repeater, conduct roundtable nets on 10 and 2 meters, operate in an annual radio contest known as Field Day, publish an almost monthly newsletter and a number of other activities (including the class you attended). We are one of only 14 Volunteer Examiner Coordinators (VEC) in the US.

Enclosed with this letter is a copy of our most recent roster, an information sheet detailing current club activities, and a membership card (if you have not already received one). You will (or already have) receive a copy of our newsletter through a separate mail (or via email if available). We would like to invite you to attend our meetings and possibly volunteer in some club activity (but if not, that's OK too). Oh, and by the way, bring a friend to a meeting too.

73 and welcome,

David B. DeFebo WB9BWP
President

as well as:

Matt Planning KB9PRC First Vice President
Brian White K9LCQ Second Vice President
Jim Tromblay WB9LNU Secretary
Les Hundt KB9QZQ Treasurer
Barbara Brewer KB9TIV Director
Pancho Doneis KA9OFA Director
